L. KENNEY CAPTAIN OF FOOTBALL TEAM

With the failure of Captain Forsberg to return to school, L. Kenney quarter back of last year's team was unanimously elected captain. At the Captain's first call for practice thirty-two candidates reported for practice. This is the largest squad ever to report for football. Many of the boys will be too light to make the first team so they will be formed into a second team and a schedule arranged for them. N. Schultz, J. Bridges, J. Hinds, A. Horr, W. White, and Captain Kenney are the only veterans from last year's team. This gives Coach Comerford an experienced backfield to start with. His task will be to build up a line with Schultz, guard on last year's team, and Bridges a sub. lineman as a nucleus. All the new line material are very light and inexperienced. The most promising of the new men are Bottger and Calderwood, ends; Griggs, J. Bridges, Pickering, tackles; Lane and Kitteridge Guards. Sawyer and May of last year's second team are out for the backfield with Sawyer having the edge. Scrimmage practice was held with Ipswich High and Haverhill high seconds, this giving the green men an opportunity to feel what a game was like. The backfield has shown power and the line though light gives evidence of possibilities.

IMPROVEMENTS MADE ON ATHLETIC FIELD

Contractor Little is again working on the west end of the Athletic Field. During the summer about seventy-five feet of the old farm barn was removed. This area is now being brought to the grade of the new field.

MANY FEATURES AT ANNUAL STUNT NIGHT

The annual Stunt Night was held on the evening of October 3rd. This year the modest and retiring were formed into a cheering section to cheer every act regardless of its merit. One of the most interesting acts was Martinez's Spanish song, "Padre Unestre". Liederman and Strongfoot were ably represented by Schultz and Bridges. Hart and Sloane in their mind reading contest received a big hand. Miss Smith at the piano, Calderwood at the traps and Kitteridge with a saxophone brought down continuous applause. Horr and May puzzled us with their intricate card tricks. These were only a few of the many stunts put forth to amuse the multitude.

NEW MASTERS AT DUMMER ACADEMY

We welcome the following new masters:

Mr. Gilbert Smith, A. B., St. Stephens College and Dummer '21. Mr. Smith will teach French and Latin.

Mr. Floyd Jarvis, A. B. University of Michigan who will have charge of the English department and be senior master of Moody House.

Mr. Paul Lehman A. B., Clark University, will have charge of the Junior School and be senior master of the Commons.

Mr. Walter A. Comerford, PhB., Boston College who will coach football.

"MILESTONE" BOARD AND OFFICERS ELECTED

The first meeting of the Senior class has been held and the class officers and the "Milestone" board elected. John Hinds was elected president and N. Schultz treasurer. The "Milestone" Board; Gerald May, editor-in-chief, Robert McGinley, associate editor, Lawrence Kenney, business manager, Norman Schultz, art editor. The seniors plan to publish a "Milestone" that will surpass all its predecessors.

FOOTBALL TEAM WORKING HARD TO WIN EVERY GAME

Dummer Tied by Browne and Nichols

Dummer played a tie game last Friday in rain and mud with Browne and Nichols at Cambridge. The score 7 to 7, does not indicate the superiority of Dummer. We were easily two touchdowns better than Brown and Nichols, and it was only the bad breaks we encountered that prevented a larger score. Five times the Dummer team carried the ball down the field only to have a penalty or the end of a half stop them. Browne & Nichols scored their touchdown when an attempted punt was blocked and they recovered the ball on Dummer's 20 yard line. An off-tackle play netted them about 16 yards putting the ball on Dummer's 4 yard-line. It took 4 plays to put the ball over from there and then it was barely over the goal line. Dummer's tally came after a brilliant run of Kenney's and hard plunges by White with Kenney finally making the score. The extra point was scored on a placement kick by Bottger.

The features of the game were the broken field running of Kenney, the marvelous defensive and plunging of White, the all-round work of Hinds, and the remarkable coordination in the line. It was this good work of the forwards that has raised our hopes for the outcome of our remaining games. Provided that Coach "Tony" can continue his marvelous work with the line he has done in the past there is no telling what the Dummer team will do.

A light, gritty, charging line with plenty of fight is much better than a heavy cumbersome line and it seems that we have the makings of the former type.

Dummer 18, Salem Trade School 0

October 3rd Dummer opened its football season with old "Jupe Pluvius" in charge of the weather. Our team waded through mud and water to a 18 to 0 victory over the strong Salem Trade School. This game gave our coach a chance to size up some of the new material and also gave the boys an opportunity to handle a wet ball on a muddy field. The backfield showed great possibilities, Kenney and Sawyer contributed 30 yard runs. Dry footing would have converted these dashes into touchdowns. The line will need a lot of work to give it the necessary polish. At times it appeared to lack drive and inability to go through and stop the play behind the line. In the punting the Salem punter was superior to ours. A few forwards were tried but the wet ball made the completion out of the question. A slip on the part of the officials deprived us of the extra point which Bottger dropped over the bar after kicking the ball from a poor pass. Failure of a substitute to report lost us the point.

For Salem Frazier and Lawler were hard men to stop when carrying the ball. On the defense Nicholls was the outstanding figure.

EDITORIAL

Is the school spirit that we show to the outside world in our sports, the support of our teams, our lengthy talks on the merits of our school the only ways we can show school spirit? Indeed not, although these visible evidences of school spirit show at least our good intentions. Deeper than these and far more beneficial to our school are the spirit and zeal we show in our work, together with our honest efforts, to make Dummer just like one big family. Perhaps these seem untrue to you, but ask yourself deep down in your heart if education and the raising of the standard of your school do not mean more to the world in general than whether or not you win an athletic game. Then again wouldn't it be a much finer school if everybody acted brotherly? Happiness and joyousness always tend towards successful work. Therefore, let us all get our heads into our books, join ourselves together as a good family, and put some of zeal and earnestness we show in our sports into these more fruitful channels. Everything will seem much easier and we will soon notice our cares and worries slipping behind us.

Here we are starting a new year in an old school, old in years but young in spirit. Dummer is now entering her 163rd year, the year that we intend to make the greatest of all her 163. Ever since the day of her founding Dummer has been forging ahead, slowly, but nevertheless constantly. She has met and overcome all manner of obstacles and at

last is coming into her own.

What we want to do this year, right now is to infuse into the student body some of the spirit of the men who are responsible for Dummer's growth in the last decade. We do not mean by spirit running around and yelling "Rah! rah Dummer" and all that sort of Whitewash. Primarily we want sincerity; we want every boy in Dummer working for, and not against the school, both here and outside.

News of Interest

Of last year's faculty, Mr. W. B. Skerrye is doing graduate work at Harvard, Mr. Temple, last year's physical director is assistant physical director at Huntington School, Mr. Faust is teaching at Taber Academy.

The Upper Middle class have elected the following officers: Frank McKinney, president, George Haley, vice-president, John English, secretary, Elvin Cox, Treasurer.

The Lower Middle class have elected the following officers; Edward Hart, president, Richard Griggs, vice-president, David Hyams, secretary and treasurer, Karl Gove, historian.

Through the kindness of Mr. Bentley, one of the Trustees, we are to have the use of a moving picture machine that will take standard films. This will necessitate an asbestos booth in the Gym, and one of the windows on the main floor will have to be turned into a door.

We understand there is a movement on foot to secure a new library for the Academy. This need is imperative. The present library is inadequate. The rapid increase of books in the past two years has made it necessary to pack away the older volumes to make room for newer books.

READERS ATTENTION

One of the most difficult parts of publishing a school paper is obtaining sufficient advertisers to assure the financial success of the publication. The way for you readers to assist the manager in securing these ads is to be sure and patronize men who are willing to advertise. Give them a call and make it worth their while to have their business broad-caster in our paper.

NEWS

The first report will be due on October 15th

The school as a body will have a singing lesson every Wednesday at 5.00 P. M. Mr. Porell of Haverhill will have charge, and he hopes to develop a Glee Club a little later in the season.

DRAMATIC CLUB TO BE FORMED AT DUMMER

Dramatic clubs at Dummer have been few and far between in the past. The last club of this nature came into and passed out of existence two years ago, producing one play only which was given at the Byfield Parish. The club met with success and approval by all who saw it or were connected with it. No further performances were attempted, however, because of the lack of an experienced coach, but this year there is a faculty member who has had a wide experience in that line.

Mr. Lehman is ready, willing and eager to start a Dramatic club at Dummer or in brief issues the call for potential Barrymores who will be given opportunities to display their talents, before the scintillating incandescents this coming winter season. The facilities for such a club are few and the start will be made with a stage and an empty pocketbook. Among the properties which are lacking are side wings, footlights and a curtain.

If things work out properly the first play should be given about December 1st. Only one act plays will be given, but these will be of a modern and interesting nature touching on the realistic which ought to prove interesting to the student body. Three one act plays will be given in an evening supplemented by the school orchestra and, if possible, a reader. With such an entertainment an enjoyable evening should be passed at the Academy. Later on if suitable proficiency is attained performances will be given in Byfield, Newbury, Rowley and even Newburyport. An organization of this sort is essential to a well balanced academic education. The derived benefits are available to all and especially to those taking part. The experience will also be helpful in college as dramatics form one of the most important diversions of college life.

LIBRARY TO BE OPEN DURING THE DAY

The books in the library are being rearranged and classified by the library staff. This year the staff plans to keep the library open during the day as well as in the evening so that students may have more opportunity to use the books. This year's staff consists of Mr. Jarvis, May, English, E. Cox, Hamilton, and McKinney.

Through the kindness of Mr. Walter Whithead the Dining Room has been equipped with new chairs, tables and serving tables. This new furniture makes the Dining Room much more attractive. Instead of the long tables seating fourteen or more small tables seating five have been substituted.

HISTORICAL PAGEANT WELL PRESENTED AT DUMMER ACADEMY

The historical pageant of Dummer Academy was presented at Dummer Saturday afternoon September 26. The day was perfect, a clear blue sky overhead and the air was balmy. Outdoor pictures of living characters, historic scenes of colonial days when New England was in the process of settlement were excellently presented. The costumes of the times were used and one could easily imagine the reality of the scenes portrayed for them. The audience was large and received the presentation most enthusiastically. The stage, a natural one and far superior to an imported one, was a natural amphitheatre gently sloping upwards in the rear of the top of a small knoll. The side of the knoll was studded with small pine trees that gave an atmosphere of reality to all the scenes. The wilderness that was present in the early days could easily be imagined and the trees made a splendid foreground for the arrival of the stage-coach on the top of the hill.

The cast consisted of about 50 characters and each one was successful in their portrayal of an ancient person. Dr. and Mrs. C. S. Ingham represented Gov. and Lady Dummer. The Dr. and Mrs. Ingham now live in the same house that the Dummer's inhabited. This along with the fact that a descendant of Richard Dummer, Joseph Dummer played his part were some of the rather unique coincidences of the character portrayed. George M. Adams gave a splendid representation of Father Time. The prologue and epilogue were delightfully rendered by Miss Helen McGregor Noyes. An entertainment and interesting feature was the dancing of the Maidens of Time who were Elizabeth Weaver, Miriam Albertson, Eleanor Hill and Lillian Hall. They were sprightly and graceful and proved that they were no laggards in the art of terpsichone. A charming example of the stately minuet was given by Rev. Glenn Tilley Morse, Miss Ellen Dole, Paul Capron Jr., and Mary Anderson. This dance evoked much praise and comment from the spectators and caused many to compare older dancing with our modern "Charleston."

Special praise is due to Hazel Hammond Albertson, who wrote the pageant. Mrs. Albertson with the aid of Mrs. Paul Capron directed the pageant and the results showed the time and effort they put into its production. The musical side of the pageant was capably handled by Frederick Johnson of Haverhill. The Cast of Characters: Heralds; John Capron, Grey Adams.

SUBSCRIPTIONS

The Archon continuing its policy of the past two years will appear as a news sheet. This will be a good way for parents and alumni to keep in touch with the school so it behooves you students of Dummer Academy to see that your parents have a paper and that all the alumni are also subscribers. Any information in regard to subscriptions will be gladly furnished by G. Haley.

Dr. and Mrs. Ingham will spend the week-end of October 17th on a trip through the White Mountains.

JACKMAN 6---JUNIORS 0

The Dummer Juniors opened their season on October 13th with the Jackman School of Newburyport. The visitors won the game 6 to 0. Jackman won the toss and chose the goal. Captain Whyte receiving the kick off ran the ball back to the 40 yard line. Jackman held for downs and Best booted the ball to the visitors 15 yd. line. A gain of 15 yards and then the Jackman left half skirting the end raced the remaining distance to the goal line for the only score of the game. The try at goal failed. After this the ball moved up and down the field with neither team being able to get the ball across the line for a score. Wagner and tSeinharter put up the best game in the line. While Whyte and Best were the most consistent ground gainers.
